alot but I think they are doing the right thing. Both of our cute little pets will be gone for now but I sure hope we will be able to visit them in the hereafter. They have been such a fun part of our family.

Annalisa is keeping plenty busy in school and at work but is enjoying both. She has made some new friends this semester but no one special yet. She got a letter from her missionary - he is thinking of go to SCC too after he gets home from his mission in August. I'm wondering now if there will be another wedding or farewell??!!

Marcus, of course, is doing fantastic!! He wrote to say that life at the MTC is MUCH better than Marine boot camp. He said the leaders don't yell, are kinder, gentler and definitely more uplifting, and that not once has the Branch President made him do push-ups or eat dirt. He is really loving everything about it but can't wait to put all this info to work. He will be leaving for Australia Feb. 21 at 4:20 PM on Delta Flt. 1787.

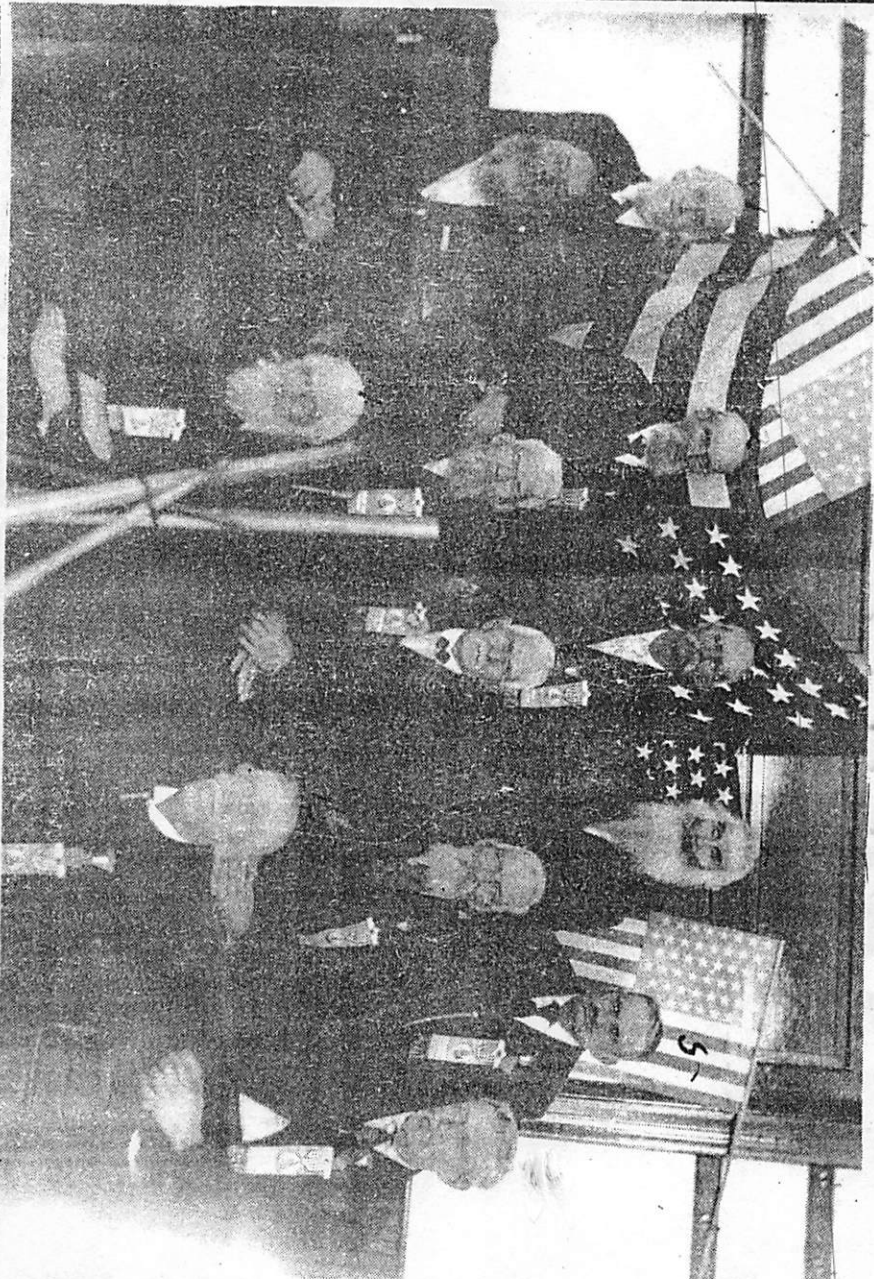

Carl is really working hard and fast to catch up for the past year and a half and get his practice to grow. His clients are so happy that he is doing well and taking over their portfolios once more. They are so loyal and, of course, he really appreciates them too. He and Mike are in the process of formalizing their partnership. They compliment each other very well, have the same level of integrity, get along so well, etc. It has really helped to have him there while Carl was on chemo.

Well, I've told you about everybody but me so I guess it's my turn. I will be fine after the exam. We are talking about adult sex, pornography, brasiliy, etc. I don't mind talking about these things to my family, but I have never had to do it in front of a teenage seminary class before and I really don't know what to expect. I have really prepared and prayed for the right spirit so I hope it goes over well and is received in the right spirit. I'll let you know how it goes. I am really enjoying teaching seminary. I love the kids, am learning a ton of info myself, like getting up early and starting my day with the students and scriptures, etc., etc., etc. What a blessing it has been in my life! Next Tuesday I meet with the regional director and will find out if they want me again next year. I sure hope they do!!

Well, I want to get this in the mail so I'd better close for now. I love you lots and there isn't a day goes by that I don't feel grateful for the wonderful parents and family that I have. We want you to know that you are all always in our prayers.

*All my love, Honalee & bunch*
